Making Bottom
Tutorial

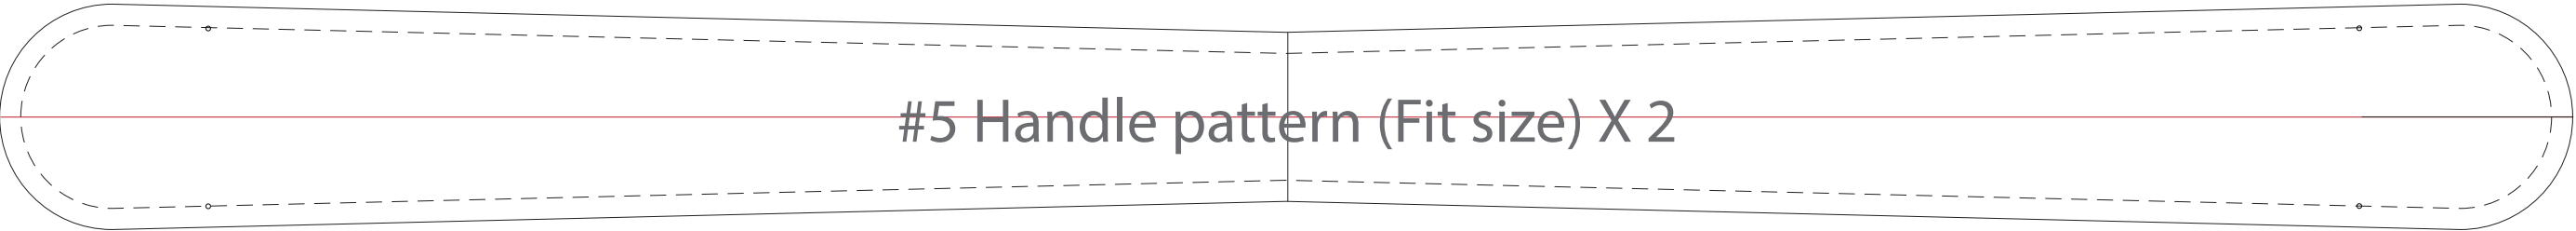

#3 Bottom inside leather pattern

#2 Bottom reinforcement pattern

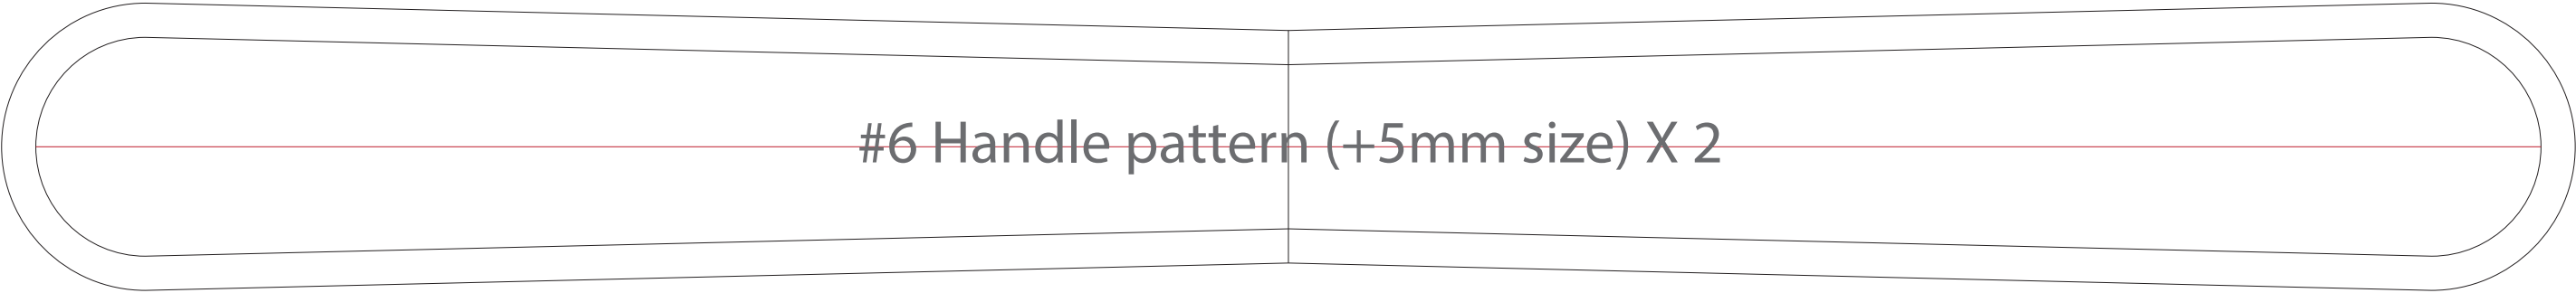

The diagram shows a large rectangular pattern piece for side leather, divided into two equal halves by a central vertical line. The top edge of each half features a semi-circular flap with a dashed line indicating its fold. The left and right edges of the pattern are marked with vertical dashed lines, and a solid red line is positioned just inside these dashed lines. The bottom edge is divided into five rectangular sections of varying widths.
