RACHIN
PATTERNS

Dear friend,

Leather hand stitching is a valuable and fascinating art . By using this pattern, you can make a handmade phone bag with natural leather, enjoy it and use it for years at a very low cost.

This pattern includes : materials used, the required tools, an accurate pattern of all parts of the work, and step-by-step instructions for making this bag in my youtube channel : “ **Rachin leather** “

Please follow the steps carefully.

I hope you enjoy making this bag.
