The diagram shows a quarter-circle sector in the top-left corner of a dashed rectangular frame. The arc of the sector is defined by a series of small circles. A vertical line, also composed of small circles, extends from the bottom of the sector down to the bottom edge of the frame.

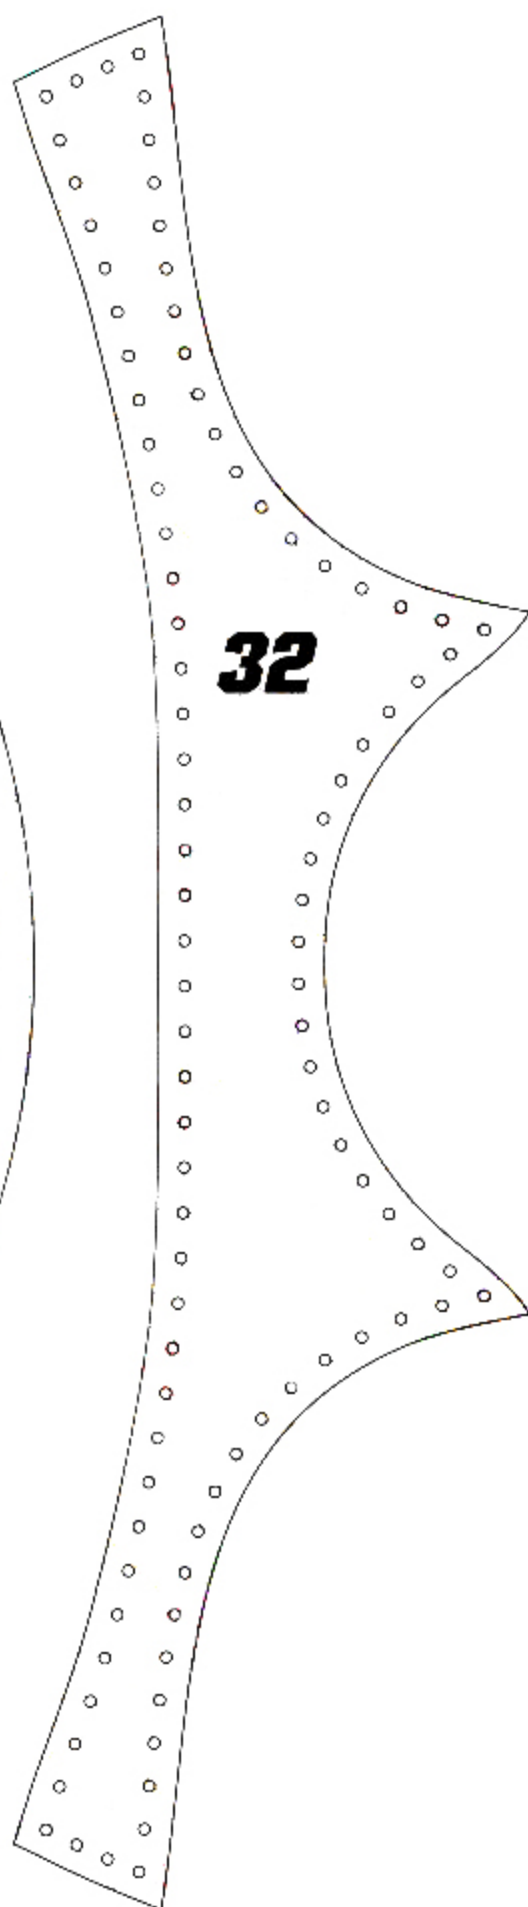

14

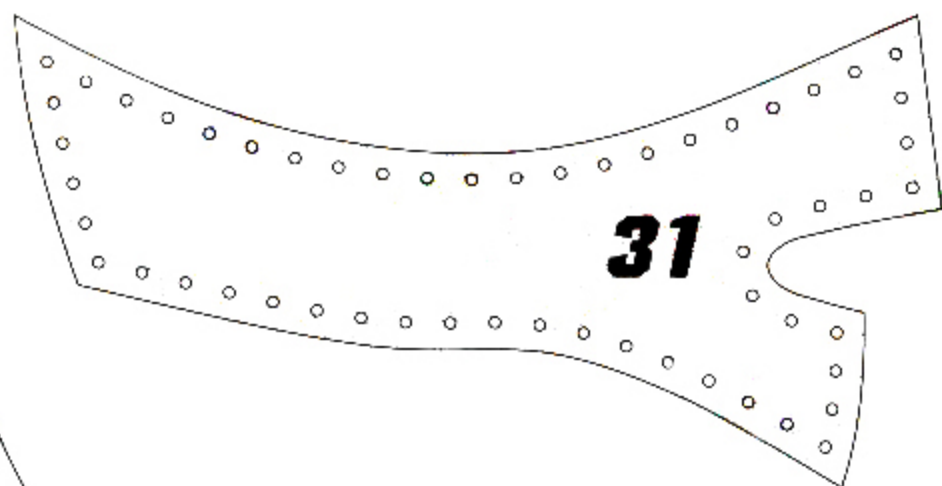

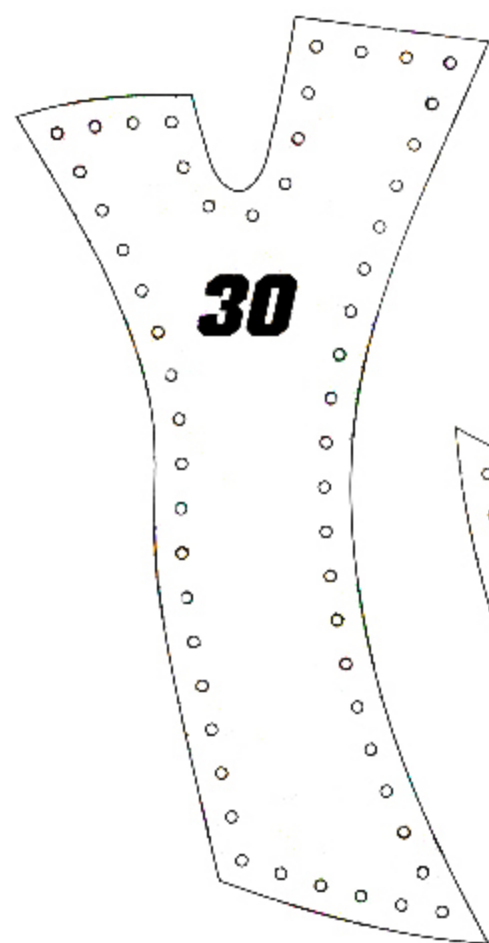

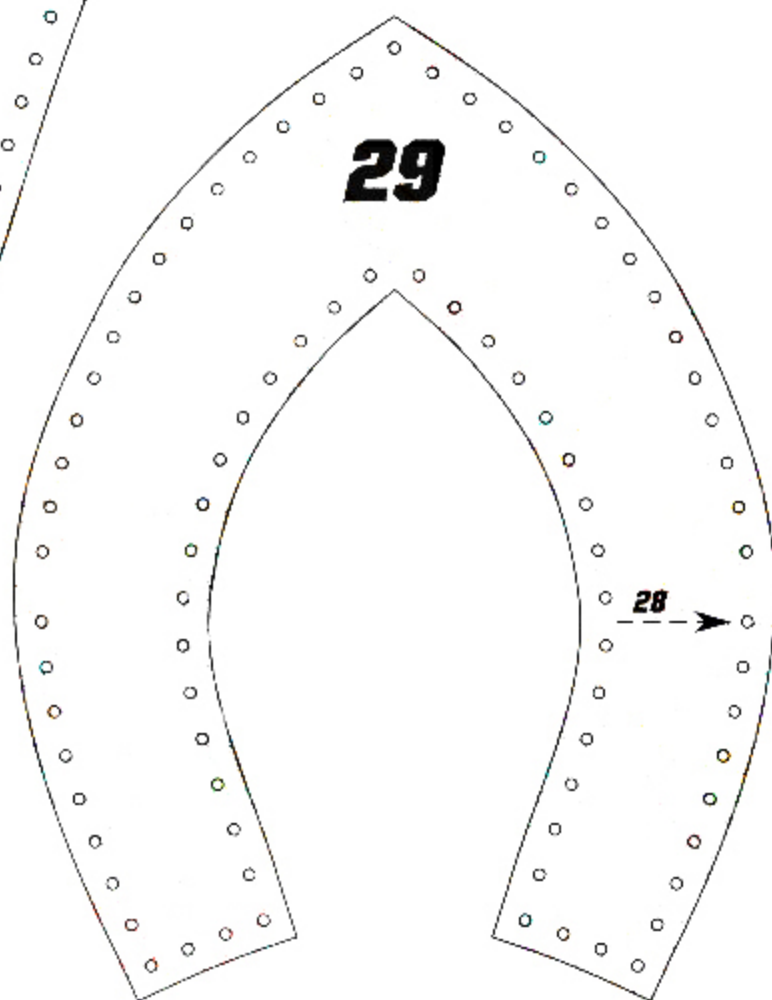

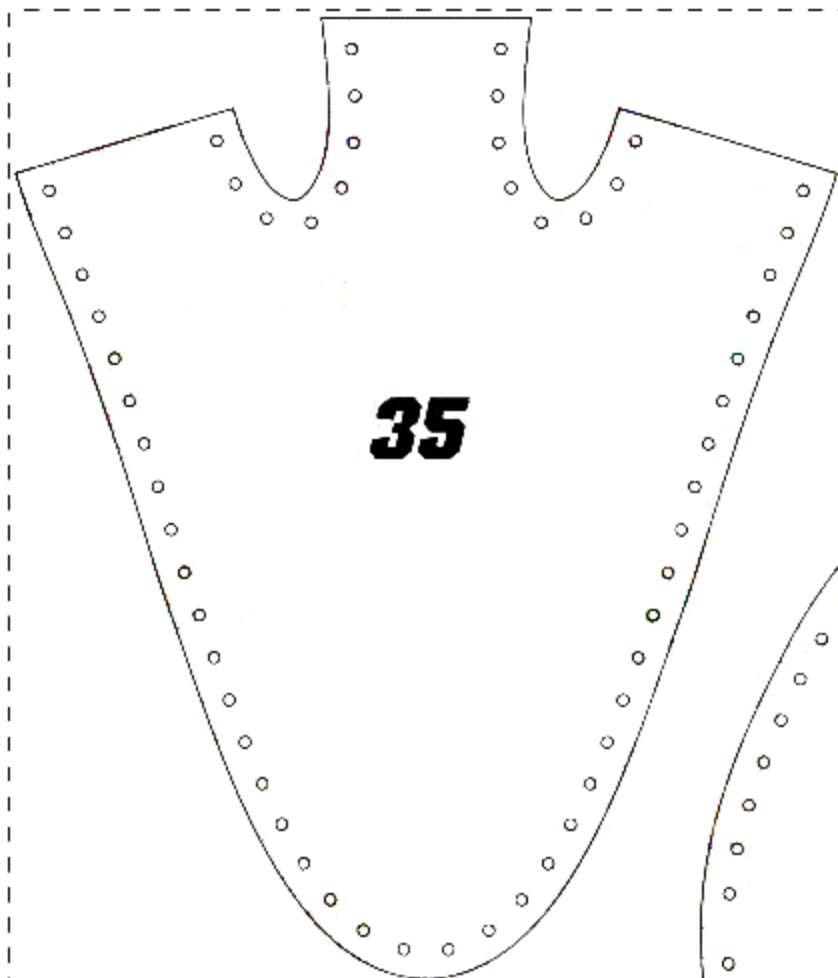

The diagram shows a large quarter-circle sector in the bottom-right area of a dashed rectangular frame. It contains two concentric arcs, both defined by small circles. The number '14' is printed in the center of the sector.
