# Dear friend,

Leather hand stitching is a valuable and fascinating art . By using this pattern, you can make a handmade phone leather bag with natural leather, enjoy it and use it for years at a very low price.

This pattern includes: materials used, the required tools, an accurate pattern of all parts of it, and all hole stitching.

Also step-by-step instructions for making this bag is in my youtube channel : “ **Rachin leather** “

Please follow the steps carefully.

I hope you enjoy making this bag.

## MATERIAL :

- . Leather with a thickness of 1.5 - 2 mm
